

Symposium 214

IBD: From Pathophysiology to Personalized Medicine

March 29–30, 2019
Examination Schools Oxford
Oxford, Great Britain

Preliminary Program

**Application for
CME credits
submitted**

▶	Preface	4
▶	Scientific Program	6
▶	Posters	10
▶	List of Speakers, Moderators and Scientific Organizers	11
▶	Information	16

CME credits for the Symposium 214 have been applied for at the European Union of Medical Specialists (UEMS). The number of credits awarded will be printed in the final program.

Preface

We, the organizing committee, are pleased to invite you to the “IBD: From Pathophysiology to Personalized Medicine” Symposium that will take place in Oxford, UK. It is a great pleasure to have the opportunity to hold a Falk IBD symposium in Oxford for the first time since the establishment of this series of international conferences in 1967. This city is known worldwide as the home of the University of Oxford, the oldest university in the English-speaking world, with its outstanding academic facilities.

Inflammatory bowel diseases (IBD: Crohn’s disease, ulcerative colitis) are relapsing inflammatory disorders of the gastrointestinal tract. They have been increasing in prevalence over several decades in the ‘Western world’, but more recently this increase has turned almost global. Crohn’s disease and ulcerative colitis are characterized by chronic intestinal inflammation leading to structural and functional damage of the intestine as well as to complications such as fibrosis, stenosis, fistulas and colitis-associated neoplasias. Despite numerous advances, the etiology of IBD remains largely enigmatic and still poses many intriguing questions.

The Symposium 214 “IBD: From Pathophysiology to Personalized Medicine” will aim at providing new insights into the complex pathophysiology of IBD. In the first part of the Symposium, we will discuss the role of genetic and environmental factors as well as novel concepts on microbial and host factors for disease development and chronicity. Particular attention will be paid to the emerging interrelated role of microbiota and host cells and to the function of immune sensing in chronic intestinal inflammation. In addition, recent findings on the role of innate and adaptive immune mechanisms in IBD pathophysiology will be presented. We expect that an in-depth understanding of the pathophysiology of IBD will guide the path towards novel therapeutic strategies.

In the second part of the Symposium, we will focus on new translational concepts for IBD therapy that are based on recent pathophysiological findings. Current IBD research aims at developing selective and specific drugs, which target pathophysiological important pathways, while at the same time not compromising the patient’s immune competence. This concept remains a major challenge given the heterogeneity of IBD pathophysiology. However, as multiple new biological agents and small molecules are in clinical trials or have been approved for clinical therapy, it is also essential to optimize treatment of IBD patients. Thus, we will discuss the role of new and established drugs as well as concepts and markers for individualized therapeutic approaches and personalized medicine in IBD. In this context, we will also highlight the rapid evolution of high-throughput technologies and different -omics for data-driven studies in precision medicine.

We have invited world-leading gastroenterologists and scientists to discuss their latest findings on IBD pathophysiology and therapy. We encourage young researchers to present their own scientific data as posters and to discuss their results with IBD experts. Furthermore, we will give four young researchers with the best submitted abstracts the opportunity to present their findings as oral presentations.

We are looking forward to seeing you in Oxford.

Markus F. Neurath

Arthur Kaser

Fiona Powrie

IBD: From Pathophysiology to Personalized Medicine

March 29–30, 2019
Examination Schools
Oxford, Great Britain

Start of Registration:
Thursday, March 28, 2019
16.00 - 21.00 h
at the congress office

Setting Up of Poster Session:
Thursday, March 28, 2019
16.00 - 21.00 h

Congress Venue:
Examination Schools
75-81, High Street
Oxford OX1 4BG
Great Britain

**Symposium 214 is organized
by Falk Foundation e.V.**

Scientific Organization:

Prof. Dr. Markus F. Neurath
University Hospital Erlangen-Nürnberg
Ulmenweg 18
91054 Erlangen
Germany
Tel.: +49-9131-853-5000
Fax: +49-9131-853-5209
E-mail: markus.neurath@uk-erlangen.de

Scientific Co-Organization:

A. Kaser, Cambridge (Great Britain)
F. Powrie, Oxford (Great Britain)

Official Language:

English

Call for Posters:

A poster session will take place.
For details see page 10.

Publication Date of the Final Program:

March 2019

The final program will be available on the website www.falk-foundation-symposia.org one week before the start of the symposium.

Friday, March 29, 2019

9.00 Welcome

M.F. Neurath
A. Kaser
F. Powrie

Session I IBD pathophysiology and genetics

Chair: G. Hold, Aberdeen; N. Prescott, London

9.10 Mono-Genetics: Very early onset IBD

H. Uhlig,
Oxford

9.30 Poly-Genetics in IBD: An overview

M. Parkes,
Cambridge

9.50 How genes shape the microflora

P. Rosenstiel,
Kiel

10.10 Microbes and environmental factors

H. Sokol,
Paris

10.30 **Coffee break with poster session**

Session II Epithelial cell biology and stromal cells in IBD

Chair: A. Kaser, Cambridge; K. Maloy, Oxford

11.00 Type I interferon signaling and antimicrobial peptides

H. Tilg,
Innsbruck

11.20 Subtypes of epithelial cells and their function

A. Simmons,
Oxford

11.40 Regulation of cell death in gut homeostasis and inflammation

C. Becker,
Erlangen

12.00 Endoplasmatic reticulum stress in intestinal inflammation

R.S. Blumberg,
Boston

12.20 **Lunch break with poster session**

Friday, March 29, 2019

Session III

Innate immunity

Chair: A. Geremia, Oxford; S. Ghosh, Birmingham

- | | | |
|--------------|--|-----------------------------|
| 14.00 | How nutrition and the maternal microbiota shape the innate immune system | A. Macpherson, Bern |
| 14.20 | Innate lymphoid cells in gut inflammation | A. Diefenbach, Berlin |
| 14.40 | Dendritic cells in gut homeostasis and inflammation | E.J. Villablanca, Stockholm |
| 15.00 | Immunometabolism in Crohn's disease | Z. Cader, Cambridge |
| 15.20 | Coffee break with poster session | |

Session IV

Adaptive immunity

Chair: C. Abraham, New Haven; M.C. Fantini, Rome

- | | | |
|--------------|--|--------------------------|
| 15.50 | Segmented filamentous bacteria and Th17 cells in the intestine | N. Cerf-Bensussan, Paris |
| 16.10 | Role of B and T cells in intestinal homeostasis and inflammation | O. Pabst, Aachen |
| 16.30 | Transcriptomic signature of CD8+ T cell exhaustion in IBD | J. Lee, Cambridge |
| 16.50 | Host checkpoints and regulatory T cells in intestinal inflammation | F. Powrie, Oxford |

Special Session

Chair: S. Huber, Hamburg; A.J.M. Watson, Norwich

- | | | |
|--------------|--|------------------|
| 17.10 | Oral Poster presentation 1 | N.N. |
| 17.20 | Oral Poster presentation 2 | N.N. |
| 17.30 | Special Lecture
From genetic discovery to precision IBD:
The road ahead | J. Cho, New York |
| 18.00 | Networking with light refreshments | |

Saturday, March 30, 2019

Session V

Immune sensing and microbiota

Chair: M.T. Abreu, Miami; T.T. MacDonald, London

- | | | |
|--------------|--|----------------------------|
| 9.00 | Microbe-derived factors as regulators of the mucosal immune system | C. Danne,
Jouy-en-Josas |
| 9.20 | Innate lymphoid cells and the microbiota | G. Eberl,
Paris |
| 9.40 | Precision editing of the gut microbiota through host factors | S.E. Winter,
Dallas |
| 10.00 | The inflammasome in chronic inflammation: Translational strategies | E. Latz,
Bonn |
| 10.20 | Oral poster presentation 3 | N.N. |
| 10.30 | Oral poster presentation 4 | N.N. |
| 10.40 | Coffee break with poster session | |

Session VI

Optimizing clinical therapy: A look at IBD and beyond

Chair: P. Borralho Nunes, Lisbon; G.J. Mantzaris, Athens

- | | | |
|--------------|--|-----------------------------|
| 11.10 | Optimizing classical immunosuppressive agents in IBD | M.C. Dubinsky,
New York |
| 11.30 | Optimizing anti-TNF therapy in IBD | J.-F. Colombel,
New York |
| 11.50 | Optimizing clinical therapy with new IL-12 and IL-23 cytokine blockers | B. Siegmund,
Berlin |
| 12.10 | Optimizing clinical therapy in rheumatoid arthritis | G. Schett,
Erlangen |
| 12.30 | Lunch break with poster session | |

Saturday, March 30, 2019

Session VII

Emerging clinical therapies in IBD: Efficacy and safety

Chair: I. Atreya, Erlangen; T. Kühbacher, Hamburg

- | | | |
|--------------|---|---------------------------------------|
| 13.30 | Fecal transplant and bacteriotherapy | A.Hart,
London |
| 13.50 | Targeting immune cell: Integrin and JAK blockers | B.G. Feagan,
Ontario |
| 14.10 | Presentation of Poster Awards | M.F. Neurath
A. Kaser
F. Powrie |
| 14.30 | Targeting immune cell trafficking: MAdCAM and S1P1 blockers | G. van Assche,
Leuven |
| 14.50 | Anti-fibrotic agents in IBD | G. Rogler,
Zurich |
| 15.10 | Coffee break with poster session | |

Session VIII

Personalized medicine: Concepts in IBD

Chair: M.F. Neurath, Erlangen; J. Satsangi, Oxford

- | | | |
|--------------|---|---------------------------------------|
| 15.40 | Surgery in IBD: How to identify the right patient? | S. Fichtner-Feigl,
Freiburg |
| 16.00 | Biomarkers and genetic approaches | L. Jostins,
Oxford |
| 16.20 | Immunological markers and molecular endoscopy | R. Atreya,
Erlangen |
| 16.40 | State-of-the-Art Lecture:
Individualized management of IBD:
A look into the future | G. D'Haens,
Amsterdam |
| 17.10 | Closing remarks | M.F. Neurath
A. Kaser
F. Powrie |

Poster Session

Posters will be exhibited on March 29-30, 2019. The authors will be in attendance during coffee and lunch breaks on both days. The setting up of the poster session starts on Thursday, March 28, 2019 at 16.00 h. The authors are asked to mount their poster on Thursday.

Call for Posters

Please submit your poster abstract before **December 1, 2018**. Only one-page abstracts not exceeding 300 words, written in English and saved in Microsoft Word format will be accepted.

Abstracts must be submitted via our Internet Abstract Submission System (<http://www.falkfoundation.org/poster>) where further information regarding the submission format and the submission process is available.

The abstracts will be selected by the scientific organizers, preference being given to those thematically related to one of the sessions of the program. The accepted abstracts will be printed and distributed to the participants of the congress together with the documents of the meeting.

The authors will receive notification about acceptance and further instructions in **January 2019**.

Contact address for further information on the poster session:

Falk Foundation e.V.
Congress Department
Leinenweberstr. 5
79108 Freiburg
Germany
Telephone: +49-761-1514-125
Telefax: +49-761-1514-359

Web address for submitting poster abstracts:
<http://www.falkfoundation.org/poster>

For the **first author** of an accepted poster, expenses for accommodation (March 28-31, 2019) and fees for the scientific program will be covered during Symposium 214. Travel expenses will not be covered.

Poster Awards

Three prizes will be awarded for the best poster presentations. **For the presentation of poster awards, award winners will be asked to give a short presentation (2–5 minutes) of their poster.** Award winners will be presented with a certificate and prize money of €1,500, €1,000 and €500. Travel expenses will additionally be covered for the first author of an awarded poster.

List of Speakers, Moderators and Scientific Organizers

Clara Abraham, M.D.

Professor of Medicine

Congress Office

During Symposium 214

Congress Office Telephone: +49-175-7795-327

Opening Hours:

Thursday, March 28, 2019	16.00 – 21.00 h
Friday, March 29, 2019	8.00 – 18.00 h
Saturday, March 30, 2019	8.30 – 17.30 h

Examination Schools
75-81, High Street
Oxford OX1 4GB
Great Britain

Congress Fees

Scientific Program of Symposium 214	EUR 200
Students (copy of student ID required)	EUR 100

*****OR*****

Day Ticket	EUR 120
Students (copy of student ID required)	EUR 60

The congress fees include:

- Pre-Opening and Welcome on Thursday, March 28, 2019
- Refreshments during coffee breaks
- Lunch on March 29 and on March 30, 2019
- Refreshments during networking on Friday, March 29, 2019
- A copy of the abstract volume
- A copy of the final program

Registration

Congress registrations must reach the Foundation e.V. by **December 31, 2018, at the latest.**

After receipt of the registration form, each participant will be provided with confirmation of his registration/invoice. On presentation of this confirmation at the congress office in Oxford participants will receive the congress folder containing name badges, admission tickets and the abstract volume.

In the event of registration cancellations, a handling fee of EUR 20 will be deducted from the refund. All participants will receive a written confirmation of attendance at the end of the meeting.

Admission to Scientific Program

For admission to scientific events your name badge should be clearly visible.

Airport

Bus

London Heathrow International Airport, and Gatwick Airport are linked to Oxford by "The Airline" coach company which operates 24 hours a day, seven days a week. Buses run by The Airline leave Heathrow approximately every 20 minutes, and Gatwick every hour. From Heathrow, a return ticket costs approximately £19 and the ride takes approximately 80 minutes from terminals 1,2,and 3, and 100 minutes from terminal 5 (for terminal 4 you will need to take the free inter-terminal train to either terminal 5 or central bus station). From Gatwick, a return ticket costs approximately £27 and the trip takes approximately 120 minutes. Please check <https://airline.oxfordbus.co.uk/> for further information and ticket purchase. Group tickets are also available. Stansted Airport is linked to Oxford by the National Express 757, which runs approximately every two hours.

Taxi

A standard taxi from the airport to Oxford costs approximately £65 to/from Heathrow, and £100 to/from Gatwick, not including tip.
