Symposium 219

IBD Patients – In the Center of Care

May 22–23, 2020

Tivoli Hotel & Congress Center
Copenhagen, Denmark

Organized by:

FALK FOUNDATION e.V.
Leinenweberstr. 5
79108 Freiburg
Germany
Telephone: +49-761-1514-125
Telefax: +49-761-1514-359
E-Mail: symposia@falk-foundation-symposia.org
www.falk-foundation-symposia.org

Preliminary Program
CME credits for the Symposium 219 have been applied for at the European Union of Medical Specialists (UEMS). The number of credits awarded will be printed in the final program.
Preface

Dear colleagues,

Our therapeutic options in the treatment of IBD are continuously increasing, however, while focusing on a particular medication, we tend to neglect the patient view. Thus, when choosing the central topic for this Symposium 219, organized by the Falk Foundation, we decided to place the patient in the center and entitle the symposium “IBD patients – in the centre of care”. The program aims to shed light into the possibilities of luminal strategies including nutrition and microbiome, to provide a practical approach to clinically challenging situations on multiple levels as well as specifying possible implications of personalized medicine in 2020 and last but not least illustrate an outlook on future IBD therapy.

This ambitious program is only possible because excellent scientists and clinicians confirmed their participation. The meeting will take place in Copenhagen, the beautiful capital of Denmark. Copenhagen is one of the most vivid cities in northern Europe, known for hosting the Little Mermaid as well as being one of the most bike-friendly cities in the world.

We hope to share this program and lively discussion with you and are looking forward to welcome you in Copenhagen.

Britta Siegmund
Johan Burisch
Jonas Halfvarson
IBD Patients – In the Center of Care

May 22–23, 2020
Tivoli Hotel & Congress Center
Copenhagen, Denmark

Start of Registration:
Thursday, May 21, 2020
8.00 - 17.00 h
at the congress office

Setting Up of Poster Session:
Thursday, May 21, 2020
8.00 - 17.00 h

Congress Venue:
Tivoli Hotel & Congress Center
Arni Magnussons Gade 2-4
1577 Copenhagen V
Denmark

Symposium 219 is organized
by Falk Foundation e.V.

Scientific Organization:
Prof. Dr. Britta Siegmund
Medizinische Klinik für Gastroenterologie,
Infektiologie und Rheumatologie
Charité Universitätsmedizin
Campus Benjamin Franklin
Hindenburgdamm 30
12203 Berlin
Germany
Telephone: +49 30 450 514 322
Telefax: +49 30 450 514 990
E-mail: britta.siegmund@charite.de

Scientific Co-Organization:
J. Burisch, Hvidovre (Denmark)
J. Halfvarson, Örebro (Sweden)

Official Language:
English

Call for Posters:
A poster session will take place.
For details see page 11

Publication Date of the Final Program:
May 2020

The final program will be available on
the homepage www.falk-foundation-
symposia.org one week before.
Friday, May 22, 2020

9.00 Welcome and introduction

**Session I**
**Luminal strategies – nutrition, microbiome and beyond?**

**Chair:** J. Halfvarson, Örebro; J. Kirchgesner, Paris

9.10 Faecal transplantation – the impact of a condition method
A. Hart, Harrow

9.30 Therapeutic modulation of the microbiome using diet in IBD
J. Sabino, Leuven

9.50 Metabolomics and more – novel strategies in modulating the microbiome
S. Schreiber, Kiel

10.10 The role of microbiome in PSC
J.R. Hov, Oslo

10.30 Coffee break with poster session

**Session II**
**Clinical challenges: previous cancer and concurrent infections – consequences for treatment and care**

**Chair:** J. Burisch, Hvidovre; G. Rogler, Zurich

11.00 Case presentation - cancer
Fellow of T. Jess’ institution

11.10 Patients with history of cancer
T. Jess, Copenhagen

11.30 Case presentation: infection
Fellow of J. Kirchgesners institution

11.40 Concurrent infections in immunosuppressed IBD patients
J. Kirchgesner, Paris

12.00 Lunch break with poster session
Friday, May 22, 2020

Session III
Clinical challenges: rheumatological and dermatological manifestations in IBD talk
Chair: J. Agnholt, Århus; J. Sabino, Leuven

14.00 Case discussion Fellow of B. Siegmunds institution

14.20 Rheumatology & IBD Fellow of B. Siegmund, Berlin
Talk followed by case discussion

14.40 Case discussion Fellow of A. Navarinis institution

15.00 Dermatology & IBD Fellow of A. Navarini, Basel
Talk followed by case discussion

15.20 Coffee break with poster session

Session IV
Extraintestinal care
Chair: E. Louis, Liège; B. Siegmund, Berlin

16.00 Update on patient care beyond the gut C. Hedin, Stockholm
- Extraintestinal surveillance
  C.J. van der Woude, Rotterdam
- Family planning
  H. Hervius Askling, Stockholm
- Vaccination

17.00 Implementation of patient reported outcomes in daily clinical practice M.J. Pierik, Maastricht

17.20 Networking with light refreshments
Saturday, May 23, 2020

Session V
Personalised medicine in 2020
Chair: J. Satsangi, Oxford; J.B. Seidelin, Herlev

9.00  Can we predict who will develop IBD?  A. Ananthakrishnan, Boston

9.15  Diabetes - lessons from prevention trials  N.N.

9.30  Can we predict the disease course?  J. Lee, Cambridge

9.45  First steps in biomarker-driven therapy  R. Atreya, Erlangen

10.00 Panel discussion

10.20 Coffee break with poster session

Session VI
Future care in IBD?
Chair: R. Atreya, Erlangen; B. Moum, Oslo

10.50 New ECCO guidelines (CD or standards of care)  C. Maaser, Lüneburg

11.10 Integration of electronic support in daily patient care – real-world experiences?

→ Sweden  S. Jäghult, Stockholm

→ Denmark  P. Munkholm, Copenhagen

→ Great Britain  A. Walsh, Oxford

Discussion

11.55 Presentation of Poster Awards  S. Siegmund, Berlin

12.10 Artificial intelligence driving medical management  I. Hernández Medrano, Madrid

12.30 Lunch break with poster session
Saturday, May 23, 2020

Session VII
Evidence based medicine – is it always evidence based?
Chair: C. Maaser, Lüneburg; B. Moum, Oslo

13.30 Therapeutic tips beyond text books
E. Louis, Liège

13.50 Current strategies for refractory IBD
G. Rogler, Zurich

14.10 Novel strategies beyond 2020
A. Kaser, Cambridge

14.30 Presentation of the Herbert Falk Award
J. Schölmerich, Hofheim

14.40 Herbert Falk Award Lecture
N.N.

15.00 Coffee break with poster session

Session VIII
Multidisciplinary challenges in IBD?
Chair: C. Hedin, Stockholm; A. Kaser, Cambridge

15.30 Perianal fistula
- Case
- Current strategies
C.J.C. Buskens, Amsterdam
Discussion Together with a fellow of her institution.

16.00 Post-operative management
- Case
- Current strategies
J. Satsangi, Oxford
Discussion Together with a fellow of his institution.

16.30 Closing remarks
Herbert Falk (1924 – 2008)

Herbert Falk was born in 1924 in Müllheim, a small town in South-West Germany between Freiburg and Basle, where his father ran a pharmacy. It was here that Herbert Falk spent his early years, attending primary school and high school up to the 5th grade. His parents then moved to Freiburg, where his father had his own pharmacy. On gaining his university entrance diploma from the Rotteck high school in March 1942, he was immediately called up for military service. During the Second World War he served on the front line in North Africa as a soldier with the Africa Corps and narrowly escaped death several times. At the end of the North Africa campaign, he was captured and transferred to the USA as a prisoner of war, spending his final year of captivity in England.

On his release and return to Germany, Herbert Falk studied pharmacy then medicine at the University of Freiburg. He graduated and received his doctor’s degree in both subjects. Thereafter, he took over the pharmacy in Freiburg from his father.

After several years of success as a pharmacist, Herbert Falk made the decision which would prove so crucial for his future life’s journey and founded his own company, producing and marketing pharmaceuticals for application in gastroenterological and hepatological diseases. Within a few years, his abundant energy, determined pursuit of goals, untiring diligence, keen eye for promising research developments, and not least his legendary talent for organization, had turned his pharmaceutical company into a global enterprise world famous in specialist circles. Falk products are meanwhile highly acclaimed not only in Germany and other European countries but also in South America, countries of the Near and Far East, Russia, China and Australia.

Herbert Falk’s contributions to research were founded not on his own scientific work but on his organization of symposia, workshops and other scientific congresses which he sponsored and promoted to an extraordinary level and with great personal dedication. International Falk Symposia, workshops and congresses have won global recognition. There are several reasons for this:

- In addition to numerous advanced medical education programs for doctors organized by the Falk Foundation, which are primarily or exclusively concerned with issues of medical practice, the foundation also organizes symposia, workshops and congresses. These feature in-depth lectures and critical discussions on questions and findings of biomedical basic sciences as well as their application in diagnostic measures, diagnostic decision-making, disease prevention and therapy.

- Leading researchers from a particular field and clinical-medical experts are invited to Falk Symposia as speakers or discussion leaders, enabling comparison within a field at an international level. The scientific organizers have a completely free hand in their choice of topics and selection of speakers. This gives symposia participants an opportunity to acquire first-hand knowledge of the latest findings in their field.

- Falk Symposia are the ideal opportunity for representatives of biomedical basic research, clinical research and physicians working in clinic and practice to meet and exchange
opinions. Participants benefit enormously from this fertile interchange of personal experiences, critical viewpoints and valuable suggestions for further work.

Not least, Falk Symposia are of great significance for the new medical and scientific generation in Germany, since they provide an opportunity for young doctors and scientists to encounter internationally renowned scientists from the field of gastroenterology who can answer their queries and assist their further progress by offering constructive criticism, suggestions and encouragement. A frequent outcome of these encounters is the opportunity for young German scientists to spend a lengthy period abroad as guests in the laboratories or clinical institutions of foreign researchers.

It was Herbert Falk’s personality which gave the symposia their unique stamp. His generous support of organizers and speakers, intuitive flair for innovative developments, extraordinary talent for organization and overwhelming hospitality have turned Falk Symposia, workshops and congresses into scientific events of international esteem and renown.

Herbert Falk received many honors and distinctions for his outstanding achievements as a sponsor of biomedical and clinical research and patron of the upcoming medical-scientific generation. These included honorary membership of numerous national and international gastroenterological and hepatological societies. He was made an honorary doctor of the medical faculties of the Universities of Cluj-Napoca (Romania), Basle and Freiburg. The German Medical Association commended him for his services by awarding him the Ernst von Bergmann Plakette. In 2004, the American Gastroenterological Association (AGA) honored him with its highest distinction: The Lifetime Distinguished Service Award.

The portrait of Herbert Falk would not be complete without mentioning some key aspects and traits of his personality. Despite his multifaceted success in the development of his pharmaceutical company and the many honors he received, Herbert Falk remained a man of great humility in his personal dealings with the people around him. His friends and co-workers could rely on him implicitly to fulfill any decision or promise which had been made. He always had an open ear for constructive criticism. His joie de vivre and positive attitude to life remain unforgettable. Especially memorable is the pleasure he took in the culinary delights of kitchen and cellar. On such festive occasions he would strike up the “Badener Lied”, the hymn to his beloved native area of Baden. The unique beauty of this countryside - so dear to him from countless hikes through the Black Forest - never ceased to fascinate him. This was where he felt at home. This was where he found the strength and inspiration he needed for his work.

Herbert Falk continued to contribute to the development of his company into a ripe old age. He kept up to date with the latest international research projects in the fields of gastroenterology and hepatology, showing a keen interest, critical discernment and sure instinct for quality. He did not give up his leading role in the company until the end of 2003, when he was nearly 80 years of age.

In 2008, a serious illness borne with admirable equanimity brought his life to an end. His memory, life’s work and services will live on through the Herbert Falk Prize.

Wolfgang Gerok, Freiburg
International Herbert Falk Award 2020

The International Herbert Falk Award will be presented for the 4th time by the Falk Foundation e.V. on the occasion of Symposium 219 in Copenhagen in May 2020. The prize amounts to EUR 40,000,- and is awarded for outstanding contributions to gastroenterology, including advances in diagnosis, therapy and prevention.

Members of the Prize Committee:

M.M. Lerch, Greifswald (Germany)
A. Schoepfer, Lausanne (Switzerland)
J. Schölmerich, Hofheim (Germany)
R.C. Spiller, Nottingham (Great Britain)
S. Vermeire, Leuven (Belgium)

Coordinator of the Herbert Falk Award Committee:

Prof. Dr. Jürgen Schölmerich
Internist
Germanenstr. 8b
65719 Hofheim
Germany
Poster Session

Posters will be exhibited on May 22-23, 2020. The authors will be in attendance during coffee and lunch breaks on both days. The setting up of the poster session starts on Thursday, May 21, 2020 at 8.00 h. The authors are asked to mount their poster on Thursday.

Call for Posters

Please submit your poster abstract before **February 15, 2020**. Only one-page abstracts not exceeding 300 words, written in English will be accepted. Abstracts must be submitted via our Internet Abstract Submission System (https://poster.falkfoundation.com) where further information regarding the submission format and the submission process is available. The abstracts will be selected by the scientific organizers, preference being given to those thematically related to one of the sessions of the program. The accepted abstracts will be printed and distributed to the participants of the congress together with the documents of the meeting. The authors will receive notification about acceptance and further instructions in **March 2020**.

Contact address for further information on the poster session:

- Falk Foundation e.V.
- Congress Department
- Leinenweberstr. 5
- 79108 Freiburg
- Germany
- Telephone: +49-761-1514-125
- Telefax: +49-761-1514-359

Web address for submitting poster abstracts:
- https://poster.falkfoundation.com

For the first author of an accepted poster, expenses for accommodation (May 20-24, 2020) and fees for the scientific program will be covered during Symposium 219 and Workshop on Microscopic colitis. Travel expenses will not be covered.

Poster Awards

Three prizes will be awarded for the best poster presentations. **For the presentation of poster awards, award winners will be asked to give a short presentation (2–5 minutes) of their poster.** Award winners will be presented with a certificate and prize money of €1,500, €1,000 and €500. Travel expenses will additionally be covered for the first author of an awarded poster.

Falk Foundation e.V.  
Telephone: +49-761-1514-125  
Telefax: +49-761-1514-359  
E-mail: symposia@falk-foundation-symposia.org

**Congress Office and Registration**

**During** Symposium 219

**Congress Office Telephone:** +49-175-7795-327

**Opening Hours:**
- Thursday, May 21, 2020  8.00 – 17.00 h
- Friday, May 22, 2020  8.00 – 17.30 h
- Saturday, May 23, 2020  8.30 – 16.30 h

**Workshop Venue:**
Tivoli Hotel & Congress Center  
Arni Magnussons Gade 2-4  
1577 Copenhagen V  
Denmark

**Congress Fees**

- Scientific Program of Symposium 219  EUR 300
- Students (copy of student ID required)  EUR 150

  **OR**

- Day Ticket  EUR 180
- Students (copy of student ID required)  EUR 90

**The congress fees include:**
- Refreshments during coffee breaks
- Lunch on May 22 and on May 23, 2020
- Snacks during scientific discussion on Friday, May 22, 2020
- A copy of the abstract volume
- A copy of the final program
Registration

Congress registrations must reach the Foundation e.V. by **February 15, 2020, at the latest.**

After receipt of the registration form, each participant will be provided with confirmation of his registration/invoice. On presentation of this confirmation at the congress office in Copenhagen participants will receive the congress folder containing name badges, admission tickets and the abstract volume.

In the event of registration cancellations, a handling fee of EUR 20 will be deducted from the refund. All participants will receive a written confirmation of attendance at the end of the meeting.

Admission to Scientific Events

For admission to scientific events your name badge should be clearly visible. Accompanying persons are not permitted during the conference at any time.

Airport

There is a direct train from Copenhagen Airport Terminal 3 on track 2 to Copenhagen. Get off at Copenhagen Central Station and walk to the hotel, which is located within 8-10 minutes walking distance.

Alternatively, you could get a train on tracks 11 and 12 at Central Station that will take you to Dybbølsbro Station. You could also take the no. 30 bus from Central Station to Fisketorvet Shopping Center. Tickets from the airport to Copenhagen Central Station are also valid on the bus, metro and S-train.

Taking a taxi from the airport will cost approx. DKK 280. All taxis are metered and accept all major international credit cards.
Preliminary Program
